July
 July 4 — Handover Dinner Meeting

Message from the President

Give credit where it is due, but meeting 2996 with Dr David David as guest speaker was exceptionally well organised by none other than a Rotary member in one Colin West. The result for the evening with monies raised in excess of \$5000 was excellent and certainly appreciated by the Cranio Facial unit. And as Dr David said in his speech the end result is all about Structure, and I am proud to say that Rotary in Port Lincoln has “just that”. The introduction and vote of thanks were capably handled, and with a few light hearted gags by our fines master the evening was a lay down misere.

Jim Kay has enlisted the assistance of a few members to put up Betty Burners garden shed starting Monday. If any member can spare the time let Jim know. We could possibly have it up and ready to go by next Friday 8th. Brian Turvey has put in a lot of hours getting all in order for the 24th May, so any member who has some time and can put up posters around the area it would be much appreciated. We also need to spread them out from Cleve to Ceduna. Here again if someone is going that way take a few posters. I understand that the Seniors day was an outstanding success. Everything went like clockwork. No person was injured and all delivered safely home. The tour covered Nyroca Station where the oldies were treated to a familiarization of the estate, and were most impressed with the Chapel. Fed and watered the group then ventured onto Dutton Bay woolshed where one of the Seniors gave an account of his working days whilst shearing was in full swing. John Foster organised the outing and I was told by a couple of the touring party that his caring manner and attitude was most impressive. You get an A plus John, well done. Well May is now upon us and we still have a little work to finalise the year. Look at the calendar for the month, it is busy, there is also a Madam President's Ladies day to be pencilled in. Full particulars next week. Guest speaker this week is Michael Cheesman, enlightening us on the business of Chiropractics. Committee meetings to follow.

We are also having a board meeting on Monday 4th, same place and time.

Make Dreams Real

President Greg
